NOTE: Cells that have been shaded in gray have such large standard errors that they are not reliable estimates. (Shading is applied to cells where the standard error is greater than 25% of the related estimated percentage.)

~ indicates that no students in the school responded or that too few students in the school responded for a statistic to be generated.

Total includes TGQN students and students who declined to state their gender.

Physical force: Incidents that involved force or threats of force against you. Force could include someone using their body weight to hold you down, pinning your arms, hitting or kicking you, or using or threatening to use a weapon against you.

Inability to consent or stop what was happening: Incidents when you were unable to consent or stop what was happening because you were passed out, asleep, or incapacitated due to drugs or alcohol.

Coercion: Incidents when someone coerced you by threatening serious non-physical harm or promising rewards. Examples include threatening to give you bad grades or cause trouble for you at work; promising good grades or a promotion at work; threatening to share damaging information about you with your family, friends, or authority figures; or threatening to post damaging information about you online.

Without voluntary agreement: Incidents that occurred without your active, ongoing voluntary agreement. Examples include someone initiating sexual activity despite your refusal; ignoring your cues to stop or slow down; went ahead without checking in or while you were still deciding; otherwise failed to obtain your consent.

NOTE: Cells that have been shaded in gray have such large standard errors that they are not reliable estimates. (Shading is applied to cells where the standard error is greater than 25% of the related estimated percentage.)

~ indicates that no students in the school responded or that too few students in the school responded for a statistic to be generated.

Total includes TGQN students and students who declined to state their gender.

<sup>1</sup>2015 wording did not include 'other' in the question
